ACTIVITY REPORT

EVENT NAME: WEB FORGE

SOCIETY NAME: GNDEC DATA SCIENCE CLUB

Type of Event: Web Development Competition

Date: 9th February 2026

Time: 11:30 AM onwards

Venue: OS Lab, CSE Department

Organized by: Data Science Club, GNDEC

BRIEF DETAILS OF EVENT:

Event Overview: Web Forge was a creative and skill-oriented web development event organized by the Data Science Club of GNDEC. The event aimed to assess participants' creativity, design thinking, and front-end development skills. It provided students with a hands-on experience in designing and developing responsive web pages while adhering to constraints and guidelines.

Format and Rounds:

The event was conducted in two structured rounds, testing both design and coding abilities:

- **Round 1: Design Round**
  - Duration: 40 minutes
  - Mode: Offline
  - Task: Redesigning the homepage of a company assigned by the organizers
  - Tools Allowed: Any non-AI design tool/software
  - Internet Usage: Allowed only for reference
  - Restrictions: Use of AI tools was strictly prohibited

- **Round 2: Coding Round**
  - Duration: 1 hour 20 minutes

- Mode: Offline
- Task: Converting the approved design into a functional webpage
- Technologies Used: HTML and CSS (JavaScript optional)
- Additional Tools: Animation libraries allowed
- Internet & AI Usage: Allowed only for assistance; generating complete code using AI was strictly prohibited

Rules & Regulations:

- Participation was in teams of two members.
- AI tools were strictly prohibited in the Design Round.
- Designs had to be original and created during the event.
- Any form of misconduct or violation of rules led to disqualification.
- The judges' decision was final and binding.

Highlights:

- **Number of Participants:** 36
- **Level of Difficulty:** Moderate to High
- **Learning Outcome:** Enhanced understanding of UI/UX design principles and front-end web development
- **Prizes:** Top 3 scorers were awarded hardcopies of certificates.

Winners:

- **1st Place:** Web Flow
  - Kartik
  - Chitmanpreet Singh
- **2nd Place:** The Solvers
  - Parveen
  - Dhananjay Shrinavastav
- **3rd Place:** Web craft
  - Simranpreet Kaur
  - Ravinder Singh

EVENT FLYER:

Activity Report: Web Forge - 2026

EVENT HIGHLIGHTS AND RULES
• Each team must comprise exactly two participants.
• Participants are required to redesign the homepage of a well-known company or organization.
• The event will be conducted in two rounds:
• Round 1 – Design Round: Teams must redesign the homepage using non-AI design tools only. Internet access is allowed strictly for reference purposes. The design must be original and created by the participants.
• Round 2 – Coding Round: Teams must convert their approved design into a functional webpage using HTML and CSS. JavaScript is optional. Internet access and AI tools may be used only for guidance.
• Participants are strictly prohibited from using AI tools to directly upload designs or generate complete code.
• Each team must select one company or organization from the list provided by the organizers.
• Certificates will be awarded to all participants and winners.
