

Activity Report

(Event organized by GNDEC Data Science Club)

Name of the Event: “FUN O'HOLICS” (Data Science)-Technical Event

Date & Venue of Event: 4th May 2022, Seminar Hall, MBA block

The **Data Science Club** of GNDEC organized an event where students were made aware of the club activities. Students got to know about the club's aim which is to provide a platform for the students to learn and share their knowledge in the field of Data Science. Topics like Why the students should join the club, what are the benefits of joining etc and what is the Data Science, were discussed.

Students got to know about the various trends in the technology and various programming languages. The session wasn't only restricted to the technical part but various fun games were also played, students showcased their talents via singing, dancing etc.

Students from different departments of the college participated in the event and got benefitted from this event. The fun games were organized by the club where students enjoyed along with the other members of the club.

Participants discussed their queries and gained knowledge about Data Science Club. Thus, this event played a crucial role in enhancing the knowledge of the students along with all the type of fun and frolic.
