Activity Report

Data Analytics & BlockChain Technology

Name of Event: Two weeks Student Training Program

Date & Venue of Event: 08.03.2021 to 19.03.2021 at GNDEC, Ldh.

Course Content: Machine Learning, AI, Data Science and Analytics, data Visualization, MATLAB Hands on, Python Hands on, Weka etc.

Expected Benefits Derived & how it will be helpful to the college: A two week workshop on Data Analytics and Block chain Technology was conducted by five faculty members of CSE and IT (Prof. Priyanka Arora, Prof. Kapil Sharma, Prof. Jaswant Singh, Dr. Amit Jain and Prof. Sachin Bagga (I.T.)). It was conducted for preparing the students well for successfully passing the test conducted by NASCOM as the above mentioned faculty members have already attended the same entitled training courses conducted by NASCOM. The students were made exposure to work on Machine Learning, AI, Data Science and Analytics, data Visualization, MATLAB Hands on, Python Hands on, Weka, Blockchain Technology etc. by Institute's expert which students found very interesting and useful. The experience of students was really informative. Many research areas came into picture and this could be beneficial for the students.

Prof. Priyanka Arora (CSE)

Prof. Kapil Sharma (CSE)

Prof. Jaswant Singh (CSE)

Dr. Amit Jain (CSE)

Prof. Sachin Bagga (I.T.)
