

# ACTIVITY REPORT

(Event organized by GNDEC Data Science Club)

**Name of the Event:** Workshop on “*Advanced Web Technologies*”

**Date & Venue of Event:** 10<sup>th</sup> November, 2022, Seminar Hall-4, Department of Computer Science and Engineering

**Course Content:** The course focused on role of advanced web technologies in shaping the world, data exploration and pre-processing, presenting the emerging research trends in data analytics. Eminent expert *Ms.Minakshi Arora, Technical Lead Full Stack Developer* from *AppSmart Pvt. Ltd. Chandigarh* presented her talk on web technologies and demonstrated live projects in the field of Web Technologies. Expert also shared industry knowledge related with topics like HTML, CSS, Javascript, React, Crypto currency, Node JS, Machine Learning, and Image Recognition etc.

The workshop emphasized on emerging trends in advanced web technologies which facilitates the working of data science activities and provided guidelines to explore the area of data analytics with web technologies. The participants learnt to develop inventive methods for solving problems related to presentation of data analytics field. They also got exposure to the tools, methods and current languages prevailing in this area, so that it can be used to benefit the society. *Ms.Minakshi Arora* shared her professional experience to handle various web based projects in real world environment and challenges faced by the development team.

Thus, this type of event always play crucial role for enhancing the knowledge of the students. The participants will be able to utilize the knowledge for their projects and will be able to help the society with the use of advanced web technologies.
