Contents

<h1 style="text-align:center"><u>PRODUCTION FEATURES</u></h1>

Report Size

1. The maximum number of pages of the Report should be preferably between 35-60 pages.

Abstract

2. The abstract of the report should be limited to 200-300 words.

3. A list of keywords should follow the abstract.

Paper Size

4. The standard size of paper of a Report is 21.5 cm (8½ inch) wide and 28 cm (11 inches) long.

5. Oversized figures and tables, if any, should be reduced to fit with the size of the report but the reduction should not be so drastic as to impair clarity of their contents. One may also fold these pages to fit with the report size.

Single-Sided
6. It is suggested that the report be printed on one side of the paper

Page Numbering

7. Page numbers for the prefacing materials (Certificate, Abstract,etc..) of the report shall be in **small Roman numerals** and should be centered at the bottom of the pages.

8. Page numbers for the body of the report should be in Arabic numerals and should be centered at the bottom of the pages. The pagination should start with the first page of Chapter 1 and should continue throughout the text (including tables, figures, and appendices)

Font

9. The preferred font size of the text in the report is 12 point, but in no case should it be less than 11-point. The minimum font size of materials within a table or a figure can be 8 point, however.

10. The preferred font type is Times New Roman.
11. Heading1 (Bold,16pt)/ Heading 2 (Bold, 14 pt)/ Heading 3 (Bold, 12 pt)

Margins

12. A margin of 3.75 cm (1½ inch) is to be given on the binding edge while on the other sides it is to be 2.5 cm (1 inch). The text of the report, including headings, figures, tables, and notes, but excluding page numbers, must be accommodated within the page area.

Line Spacing

13. The line spacing in the main text must be between one-and-a-half and two. Single line spacing should be given for abstract, declaration, figure captions, table titles, figure legends, footnotes, and references.

References

14. IEEE style to be followed.

15. Use any reference manager tool like Mendeley/ Zotero/ etc.

Appendices

16. Each appendix should be identified as Appendix A, Appendix B, etc.

17. It should also have a title.

18. The appendices and their titles should be listed in the Contents.
