

Tentative calendar of GNDEC CSE Department for Different Societies
Session- July 2026- Dec2026

GNDEC Data Science Club 2026 Tentative Event Schedule			
S. No	Event/Activity Name	Brief Description	Event Date
1	Student Activity on "Bad UI/UX Pitch"	Freshers design the most frustrating interface possible and pitch their terrible ideas to the crowd, highlighting the importance of good UI/UX through humour.	18-09-2026
2	APEX FAIR 2026	Reward based student activities and Data Science Club stall management	Announced by College Technical Committee
3	Technical Event based on "AI Mind Games"	A multi-round AI-themed competition where participants solve coding challenges under unusual constraints, reverse-engineer AI-generated outputs by reconstructing their prompts, and optionally compete against AI-generated solutions.	13-11-2026

Faculty Coordinator: Pf. Inderjit Singh(9855655244)

Pf. Nancy(7087785177)

GNDEC C.O.D.E. 2026 Tentative Event Schedule			
S. No	Event/Activity Name	Brief Description	Event Date
1	String Theory	A fun, team-based guessing event featuring linked image clues, where teams score maximum points by identifying the answer using the earliest clue. The event may include rounds like Guess the logo, Guess the Tech personality, and Alphabet challenge testing participants observation, technology knowledge, quick thinking and general awareness	09-09-2026
2	APEX FAIR 2026	Reward based student activities and C.O.D.E. stall management	Announced by College Technical Committee
3	Internal Hackathon	A collaborative innovation event where participants work in teams to develop creative, technology-driven solutions to real-world problems. It encourages problem- solving, coding, teamwork, innovation and rapid prototyping within a limited time.	07-11-2026

4	Tech Arena	An exciting technical competition that combines knowledge, coding, creativity and fun through multiple engaging rounds. Participants will compete in a Tech Quiz, Guess the output, Tech charades and Debug challenge, testing their programming skills, technical knowledge, logical thinking and teamwork. The event will also feature a Reel-Making competition, where participants can showcase their creativity by creating an engaging reel based on Tech Arena	18-11-2026

CSI Student Chapter 2026 Tentative Event Schedule			
S. NO	Event / Activity Name	Brief Description	Event Date
1	Blind Coder	A coding challenge where participants write code without compiler feedback and reverse-engineer program logic from given outputs.	24-09-2026
2	APEX FAIR 2026	Innovative Project Display	Announced by College Technical Committee
3	TheoryX — The Innovation Challenge	A technical idea-presentation competition where participants transform existing scientific or engineering concepts into innovative, practical, or futuristic solutions and present them through a PPT.	05-11-2026

Faculty Coordinator: Dr. Sita Rani(7508008004)

Pf. Kawaljeet kaur(9530656257)
